WHO HE IS

Sergio is a skilled and talented **Front End Developer** and **Designer**.

He has experience working with some development technologies such as **HTML**, **CSS (SASS)** and **JavaScript (ReactJS and ThreeJS)**.

He recently helped his company to get a **5 million investment** by building a 3D candle feature, built using JavaScript libraries, for the App Memoria.

He loves to learn and to keep himself up to date with the new technologies and techniques that helps the company projects to grow.

EXPERIENCE

April 2017
until present

Funeral Zone

Front End Developer & Designer

At Funeral Zone he's been helping the company to develop new features for the mobile app Memoria (www.memoria.com)

The 3D candle for the App and WebApp Memoria helped the company to raise a **5 million** investment.

He also has been creating some leaflets, flyers, invitations, for the Sales Team, helping them to be more efficient on the organisation of events and acquiring more customers.

2016 - 2017

Luar

Mobile App Design - Freelancer

At Luar he designed the Join The Match App to help you organise sport events.

EDUCATION

2009 - 2015

Digital Arts and Multimedia

ESAD - Escola Superior de Artes e Design
Matosinhos, Portugal

At this school he developed his graphical skills, especially Photoshop and Illustrator, that help him to achieve great visual results.

He also started to learn to develop with HTML and CSS and he has been developing his coding skills since then.
